

Brief Introductory

Who we are

Our corporation aspires to be a fully fledged FMCG corporation with a distribution network that covers multiple market segments simultaneously.

Operating from the heart of Dubai's Aweer fruit and vegetable fresh market, Eco Garden is seeing a gradual and steady growth to become an increasingly renowned corporation that will be the go-to for high quality sourced fresh goods.

Where we distribute

Eco Garden currently covers multiple market segments in Dubai and other Emirates in UAE in addition to companies situated in neighboring countries, these segments are most notably:

- 🌿 Retail (hypermarket and supermarket)
- 🌿 Direct sale (restaurant, catering company)
- 🌿 Wholesale (wholesale market, trade company)
- 🌿 Export (overseas importer companies)

What we import

Eco Garden imports a large list of goods utilizing a more direct approach to product sourcing eliminating the hindrances that may be caused by middlemen/suppliers.

The majority of imported goods are sourced directly from our very own farms and packed by our packing houses that are situated in multiple countries most prominently in Azerbaijan and Turkey.
